

Joining Swan Canoe club allows you to have 24hrs a day/7 days a week access to the club building. We do not have opening or closing times which means you can come and go as you please at times to suit yourself and your paddling needs.

### **Lower Floor:**

Access through the front door via your electronic key fob leads you into the main foyer. Here are the club notice boards with information regarding trips, courses, racing news and club news. Leading off from the foyer is the male/female changing rooms, toilets and showers.

Access to the boat storage area is via a locked door that can be opened via your key fob.

### **Boat Storage Area**

We now have two boat storage areas on the lower floor. Swan canoe club owns a wide variety of craft, allowing members to gain paddling experience and help them decide in the future what type they would like to purchase. It is expected that members should purchase their own boat after being a member for a year. All we ask is that you treat the club craft with respect and clean thoroughly after use. This also goes for the club's paddles, PFD's and spray skirts.

Club boats can also be hired by members for use on club trips or for your own excursions. However please note we only will hire out craft for low risk/flat water paddling. (see boat hire section)

The club also has storage space for privately owned boats (owned by members) the fee is currently \$150 a year.

### **Upper Floor**

Club members have access to the upper room of the club. Here you will find the kitchen area, with tea and coffee making facilities, fridge, microwave and plenty of cutlery/crockery so that if you wish you can bring along your own food to eat after a paddle. A gold coin donation is requested if you use make yourself a tea/coffee and we ask that you also wash up and put away any utensils kitchen items that you use. In the fridge there are often cans of soft drinks which members can have for a gold coin donation.

The upper floor has plenty of tables/chairs and several comfy sofa's so you can make yourself at home!

From the upper floor members can access the balcony, which gives you wonderful views of the river and has the BBQ on it.

Members are welcome to use the BBQ, please clean after use and turn off the gas!

View from the balcony!
