

TERMS OF STORAGE

1. I acknowledge and agree that:

- (a) storage of my boat at the Club is entirely at my risk and the Club's insurance cover does not extend to private boats;
- (b) the Club's policy is that priority for boat spaces be given to those members who are regular users of their boats (whether competitive, training or recreational);
- (c) at times, the Club can have a long waiting list for boat spaces and it would be unfair to deny other members the opportunity to store their boats if they are regular users;
- (d) if I am not using my boat on a regular basis, except for good reason (such as being away through extended illness, holidays or work commitments), the Club may require me to remove my boat from the Club premises;
- (e) if my membership lapses I cease to have any right to store my boat at the Club premises and my boat must be removed immediately.

2. I agree that, if I am required to remove my boat:

- (a) I will do so promptly;
- (b) any liability of the Club in requiring that removal will be limited to payment to me of a pro rata refund of the storage charge calculated for the period commencing on the date on which the boat is removed and ending on expiry of the membership year; and
- (c) if I fail to remove my boat when required the Club may remove and dispose of it according to law.
